DECLARATION OF COMPLIANCE (FOOD CONTACT & SUITABILITY)

CUSTOMER DETAILS

Sega Pac Pty Ltd

Unit 4, 12 Technology Drive, Lane Cove
NSW 2066, Australia

DOCUMENT CONTROL

Issue Date: **2026-06-06**

Validity: **18 Months**

Application: **Room Temperature**

AchievePack Limited hereby declares that the packaging materials supplied under the description below are in compliance with the relevant statutory requirements for food contact suitability, composition, and migration properties as specified by global regulatory authorities.

Sales Name	Structure	Total Thickness (micron)	Density (g/cc)	Yield (g/m ²)
Vacuum seal packing laminate for cooked food products	14µm PVdC PET / Adhesive / 70µm PE	86µm	0.95 g/cc	86 g/m ²

FITNESS FOR USE

AchievePack Limited guarantees that the packaging pouch is generally fit for the packaging of **Vacuum seal packing laminate for cooked food products**, storage at **Room Temperature**.

US FOOD LAW COMPLIANCE

AchievePack Limited guarantees that the product will be suitable for the packaging of all food types under conditions of use **B through G**, as defined in **21 CFR 176.170(c)**, Tables 1 and 2, respectively. All raw materials used in this structure shall be in full compliance with the Federal Food, Drug, and Cosmetic Act and all applicable Food Additive Regulations. Because of their suitable FDA status, the materials can be used to package food in federally inspected plants in full compliance with the laws and regulations administered by USDA.

AchievePack Limited guarantees that each shipment or delivery of Product to **Sega Pac Pty Ltd** is in full compliance with FDA regulations and manufactured under appropriate GMP's as to prevent the packaged food from becoming contaminated with a biological, chemical or physical agent that could cause injury or illness or render the packaged product adulterated within the meaning of the Federal Food, Drug, and Cosmetic Act. AchievePack Limited guarantees the packaging materials continuing compliance, with respect to all future shipments deliveries to **Sega Pac Pty Ltd** with applicable provisions of FDA regulations. AchievePack Limited will not make raw material substitutions

Declaration of Compliance
CHINA GB

AchievePack Limited guarantees that the packaging pouch complies with the following legislation of China:

AchievePack Limited product complies with the relevant requirements of: Framework Regulation (EC) n.1935/2004, Plastic Regulation (EU) n.10/2011 as amended, and Good Manufacturing Practice (EC) n. 2023/2006. • **GB31603-2015** General hygienic standard • **GB9685-2016** Additives for Food Contact Materials and Articles

All monomers, additives, colorants, coatings and adhesives used for the manufacture of the above packaging material have been pre-registered in accordance with Regulation (EC) No 1907/2006 (REACH) and there are no substances present which are on the Candidate List of SVHC – Annex XIV thereof at the date of **20 September 2016**. • **GB4806.1-2016** General Safety Requirements for Food Contact Materials • **GB4806.7-2023** National Food Safety Standard on Food-Contact Use Plastic Materials and Articles

• **GB4806.8-2022** Food contact paper and paperboard materials and articles • **GB4806.9-2023** National Food Safety Standard on Food-Contact Use Metal Materials and Articles

AchievePack Limited packaging materials and components comply with the requirements of Specifications and Standards for Food, Food Additives, etc. (Ministry of Health and Welfare Notification No. 370, 1959 and Notification No. 196, 2020, latest amendment on Revised Positive Lists published 30th November and 25th December 2023), and Ministerial Ordinance on Milk and Milk products concerning Compositional Standards (Ministry of Health and Welfare Notification No. 124, 1951), which safety

• **GB4806.10-2016** Food contact coating and coating layers • **GB4806.13-2023** National Food Safety Standard on Food-Contact Use Composite Materials and Articles • **GB4806.14-2023** Ministry of Health and Welfare Notification No. 124, 1951, which safety under the Japanese Food Sanitation Law • **GB4806.15-2023** National Food Safety Standard on Food-Contact Use Printing Inks • **GB4806.16-2023** National Food Safety Standard on Food-Contact Use Adhesive Inks

ALLERGENS

AchievePack Limited guarantees that the Product is not manufactured with raw materials known to be allergenic in nature. The eight major food allergens include, peanuts, seeds, fish, shellfish, eggs, milk, wheat, soybeans, and components derived or manufactured from these raw materials. Page 1 of 4

ANIMAL DERIVED CONTENT

AchievePack Limited guarantees that animal derivatives are not components of, nor intentionally added to the materials used in this product. Above product does not intentionally contain animal derived content. If yes, the animal derived content meets the requirements of **EU 2011/C 73/01** guidance for minimizing the risk of transmitting animal spongiform encephalopathy agents.

MATERIAL CHANGE CONTROL MANAGEMENT

AchievePack Limited will not switch to any listed alternative material in the specification without prior approval from the Regional Quality Leader of **Sega Pac Pty Ltd** through change control management process.

HEAVY METALS(重金属)

Above product complies with European Directive **94/62/EC** and **2015/720**. Combined total amount of Lead, Cadmium, Mercury and Hexavalent Chromium does not exceed 100 ppm. Additional limits: Lead < 10ppm, Cadmium < 5ppm, Mercury < 5ppm, Chromium < 10ppm, Antimony (Sb) < 50 ppm, Arsenic (As) < 10 ppm, Barium (Ba) < 10 ppm, and Selenium (Se) < 10 ppm.

REACH SVHC & ROHS

Do not contain chemical substances above 0.1% as listed in REACH SVHC published on **January 21 2025**. Do not contain substances regulated by RoHS 3 (Directive 2015/863) (Cd, Pb, Hg, Cr VI, PBB, PBDE, DEHP, BBP, DBP, DIBP). Must inform **Sega Pac Pty Ltd** if material does not comply due to regulation updates.

SOLVENTS SUBJECT TO RESTRICTIONS

The packaging item: ☒ **is printed (需要印刷)** ☐ **is not printed (不需要印刷)**

Above product does not contain following solvents used in printing inks and adhesives:

- Toluene – CAS No. 108-88-3
- 2-Methoxyethanol – CAS No. 109-86-4
- 2-Ethoxyethanol – CAS No. 110-80-5
- 2-Methoxyethyl acetate – CAS No. 110-49-6
- 2-Ethoxyethyl acetate – CAS No. 111-15-9
- Methanol – CAS No. 67-56-1
- Monochlorobenzene – CAS No. 108-90-7
- Dichlorobenzene – CAS No. Several
- Trichloroethylene – CAS No. 79-01-6
- Perchloroethylene – CAS No. 127-18-4
- Methylene Chloride – CAS No. 75-09-2
- Volatile Flouorochlorinated Hydrocarbons
- 2-Nitropropane – CAS No. 79-46-9
- Benzene – CAS No. 71-43-2
- Acetyl acetone (2,4 pentanedione)
- 1-methyl-2-pyrrolidone

RESIDUAL SOLVENTS (溶剂残留)

The levels of residual solvents: ☒ **comply (符合要求)** ☐ **do not comply (不符合)**

The levels of residual solvents from printing materials and adhesives reported in the following list comply with the following limits:

- **Total Non-alcoholic solvents < 5mg/m²**
- **Total Solvents < 5mg/m²**

Tested solvents include: Acetone, N-propyl acetate, Isopropyl acetate, Ethyl acetate, Butanone, N-propanol, Ethanol, Isopropanol, Isobutanol.

* Tris (nonylphenyl) phosphite (TNPP) is not component of, nor is it intentionally added to, the materials used in our products supplied to customer.

* Finally, we confirm that we will not make raw materials changes without prior notification.

1. RESTRICTED SUBSTANCES (限制使用的物质信息)

Substance Name	Intentionally Added?
Butylated hydroxyanisole (BHA) and 3,5-di-tert-4-hydroxytoluene (BHT) and tertiary butylhydroquinone (TBHQ)	NO
Alkylphenol Ethoxylates, including Nonyl phenol ethoxylates, and octyl phenol ethoxylates	NO
Nonyl Phenols (NP) and Tris(nonylphenyl) phosphite (TNPP)	NO
Phthalates – DEHP, DBP, DINP, DIDP, BBP, DIBP, DNOP, DMP, DEP	NO
Halogenated Flame Retardants (PBBs, TBBA, TBBPA, PBDEs, Penta, Octa, Deca BDE)	NO
Epoxy derivatives - BADGE, BFDGE, NOGE	NO
Bisphenol A (BPA)	NO
Vinyl chloride monomer (VCM)	NO
Acrylonitrile or acrylonitrile co-polymers	NO
Polycyclic Aromatic Hydrocarbons (PAHs)	NO
Azodyes	NO
Epoxidised Soybean Oil (ESBO)	NO
Abietic acid	NO
Di-methyl fumerate	NO
Melamine	NO
Allergens (Peanuts, seeds, fish, shellfish, eggs, milk, wheat, soybeans)	NO
Conflict Minerals	NO
Recycled Materials	NO
Per and poly fluoroalkyl substances (PFAS)	NO
Mineral Oil Saturated Hydrocarbons (MOSH) / Mineral Oil Aromatic Hydrocarbons (MOAH)	NO
